Rocky Flats Plant (RFP) Interagency Agreement (IAG) Standard Operating Procedures

Robert Benedetti, Associate General Manager
Environmental Restoration Management
EG&G Rocky Flats, Inc.

We have received EG&G memorandum RLB-204-93 dated May 3, 1993, regarding an extension for the submittal of Standard Operating Procedures (SOP's) requested in RFO memoranda ERD:BKT:6807, ERD:BKT:9726 and ERD:BT:01803 dated June 18, 1992, September 2, 1992, and February 12, 1993, respectively. Your letter references unforeseen delays in obtaining subcontractor support. We request that you provide RFO with a detailed accounting of these delays in writing by June 15, 1993.

In particular, we are concerned that DOE may be put in a position of delaying RFI/RI field activities or implementing SOP's in the field that have not yet been granted approval by DOE, EPA and CDH. We request that EG&G notify us of any RFI/RI field work that has been undertaken in the absence of DOE, EPA and CDH approved SOP's and of any RFI/RI field work that will be delayed as a result of not having SOP's approved. This notification should be provided to DOE in writing by June 15, 1993.

We reluctantly grant approval for EG&G to extend the submittal date for the SOP's from May 5, 1993, to June 15, 1993.

James K. Hartman
Assistant Manager for Transition
and Environmental Restoration
